Introduction to REDLINE Telematics in DRA90

Starting in June 2024, we are introducing REDLINE Telematics for all the REDLINE Asphalt compactor DRA90. It's part of the branding strategy to personalise the options list dedicated to REDLINE. We will have the data for the earlier model data well in the platform. The REDLINE Telematics Sticker, provided with machines equipped with telematics, informs operators and customers that the machine includes the Redline telematics option. The Details for REDLINE Telematics is as follows.

SL. No.		Description
1	4812338579	REDLINE Telematics
2	4812338557	FK REDLINE Telematics

These changes will be implemented on the machines post-cutoff

For DRA90, the Cutoff Sl No. 10300612VRE014920

Sl. No	Machine	Photograph
1	DRA90	 The photograph shows a red DRA90 roller in a workshop setting. The roller is positioned on a concrete floor, and its large rear drum is prominent. The machine features the 'REDLINE' branding on its side. A close-up view of the side panel shows a 'Redline Telematics' sticker with a globe icon and the number '4812338522'. The background includes a large industrial building with a corrugated metal roof and various equipment.

How to Navigate?

- redline.info>Dealer Network>Dealer Login>Login with Credentials>Bottom Right Corner of same page>Click on Telematics
